

## **NVQ level 4 in Leadership & Management in Care Services.**

The NVQ level 4 in Leadership & Management in Care Services is the replacement qualification for the Registered Managers award. This NVQ is suitable for Managers, Deputy Managers and Middle Managers in adult and child care settings. This qualification is required by the Care Quality Commission to manage a care setting.

### **How is the qualification delivered and assessed?**

This is a work based qualification where learners are assessed in the work place performing real work activities. The assessment methods will include observation by the assessor, expert witness testimony, professional discussion, work product and questioning.

To achieve the qualification, learners must complete eight units, four mandatory and four optional. The course covers the whole range of management skills and duties including:

- Managing people
- Developing yourself & your workforce
- Quality service delivery
- Evaluating systems.

### **Entry Requirements**

Learners must be working at an appropriate management level in a suitable care environment and ensure they are in a position where they can consistently demonstrate competence and application of knowledge. This will be confirmed at interview stage. This qualification is not suitable for any persons under 19.
